

# THE GOLF CLUB OF TEXAS

San Antonio, Texas

This 10,000 sq. ft. clubhouse serves as a daily-fee operation focusing on San Antonio's busy convention market. The clubhouse is designed as a "collection" of four Texas ranch buildings. The tall central building is the club's foyer; the two-story ranch house is both the pro-shop and overnight guest suites; the first gabled hall is the golfer's grill; and the second gabled hall with its silo shaped end is the banquet dining room. Table seating totals 200. A rambling covered patio shades three sides of the clubhouse.

Only native ranch materials are used on the clubhouse, including Texas limestone, rustic cedar posts, board and batten siding, and galvanized corrugated roofing.
