

LA GARDENA INN

Clay County, Tennessee

View of La Gardena Inn from Boulevard

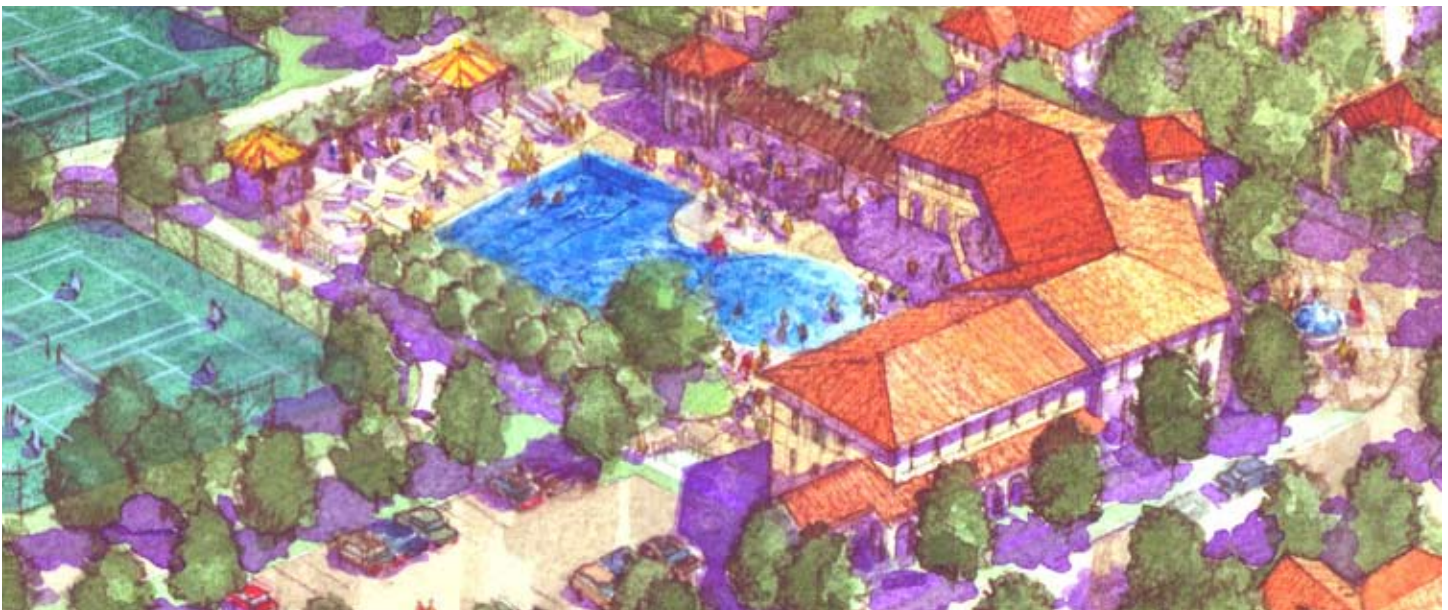

TSW provided architectural and planning services for La Gardena, a mountain resort community in middle Tennessee. The cornerstone of this community is the La Gardena Inn, a three-story boutique hotel. The Inn includes 48 guest rooms, spa, restaurant, guest business center, and conference rooms. The V-shape design focuses on southerly views of the Cumberland Mountains, and a formal garden court with swimming pool. The Inn is part of the village center planned by TSW.
